## Thika Double Roof

- ◆ This is a freestanding tubular metal frame from which the inner tent is suspended.
- ◆ This gives the tent high stability and unobstructed floor space.
- ◆ The tent is made using heavy-duty water proof olive green canvas. Other colors can be adopted.
- ◆ Standard features include mosquito proof netting windows all round with storm proof flaps and a flysheet.
- ◆ Optionally we can increase the length of the tent to suit your needs and can also provide PVC ground sheet either stitched in or separate.

| Dimensions Double Roof | L   | W   | H   | h    |
|------------------------|-----|-----|-----|------|
| Feet                   | 20' | 16' | 8   | 5'8" |
| Meters                 | 6.1 | 4.9 | 2.5 | 1.7  |

All Measurements are approximate, actual values may differ slightly.
